

Year 3 class blog W.C 20/4/2026

Dear Parents and Carers,

Welcome back to the final term of the year! The first two weeks of the summer term have been full of energy and positivity, with the sunshine beginning to make a welcome appearance. The children have settled back into school routines wonderfully and have been busy engaging in a range of exciting learning activities across the curriculum. It has been lovely to see their enthusiasm. Below, you will find some photographs that capture a snapshot of the fantastic work and experiences the children have enjoyed so far this term.

We acted out different jobs as a part of our PSHE lesson. We then made jobs adverts for these different jobs.

Mental maths practice with an addition and subtraction board game

As a part of our science, we have been investigating the impact air has on plant growth.

The children have been watering the plants daily.

In Art this half term we are focussing on Egyptian scrolls and this week we had the opportunity to tea stain our art books!

Kind regards,
Miss Jones.
